ABOUT US

RUIAN FLY MACHINE PARTS CO. ,LTD was established in 2006. After 8 years development, Fly Machine has become a professional manufacturer mainly undertaking construction machinery parts that Road Milling Bit, Trenching Bit, Mining and Tunneling, Grader Blade Tools, Grinder Tips, Foundation Drilling etc. are the main products.

In recent years, we bring in kinds of production equipments and testing equipments, including 630Ton, 400Ton and 300Ton friction press machine production lines, fully-equipped workshop, CNC machine processing, welding equipment and all kinds of testing machines. And we own a professional Research & Development Team. Moreover, we have gained ISO9002 quality system certificate. Our company has got annual production capacity at 2 million road bits to satisfy clients from all over the world. We also can produce all types from Kennametal, Wirtgen, Betek, Sandvik, kingkong etc.

With excellent quality, reasonable price and credible reputation, we have gained praises from clients at home and abroad. Our products are very popular in North America, South America, Europe, East and south Asia and part of Middle-east countries.
